## **Mødeindkaldelse: Civil SIG – AutoTURN Seminar**

Tidspunkt: Onsdag d. 6. oktober 2010, kl. 13.00-16.30  
Sted: Rambøll, Hannemanns Allé 53, 2300 København S  
Tilmelding: [mij@gmcb.dk](mailto:mij@gmcb.dk)

### **AutoTURN Seminar**

Onsdag den **6. oktober 2010** afholder Bentleyuser.dk Civil SIG et seminar omkring anvendelsen af AutoTURN og andre af Transoft Solutions software. Seminaret starter 13.00 og slutter ca. 16.30.

Indlægsholderen ved seminaret er Richard Böck, som er Application Engineer hos Transoftsolutions Richard holder sine præsentationer på engelsk.

En kort præsentation af Richard Böck:

*Richard Böck started his career as a Civil Engineer working for several architectural, engineering and road construction companies. With the accumulated experience in several industry fields Richard now works for Transoft Solutions Europe for the last two year. In the role of Application Engineer his main responsibilities are managing product support, presentations and training for resellers and end users in the EMEA region (Europe, Middle-East, Africa). Products supported by Richard are AutoTURN, Torus Roundabouts and ParkCAD.*

Der vil primært være fokus på AutoTURN, men også programmerne Torus Rounabout, ParkCAD og Extended Vehicle Libraries vil indgå i seminaret. Nedenstående agenda er en vejledende agenda. Ønsker til emner og problemstillinger kan sendes til [mij@gmcb.dk](mailto:mij@gmcb.dk) hurtigst muligt.

## Agenda:

### 1. Introduction and Welcome

### 2. AutoTURN

- A general update and focus on the developments of the latest AutoTURN version
- Demonstration of a design flow from "a to z" and "How to get of with a good start"
- Highlight features as for example Special Transport vehicles and how to use and create/copy them

### 3. Torus and other products from Transoftsolution

- The use of Transofts program like Torus Roundabout, ParkCAD, Extended Vehicle Libraries etc.

### 4. Addressing common issues from the attending users

- Common issues from the attending users sent in advance from the uses to Richard on what would be of value for them to attend this user meeting.

### 5. Q&A and final remarks

AutoTURN seminaret afholdes hos Rambøll's nye hovedkontor i Ørestaden (Hannemanns Allé 53, 2300 København S):

Alle er velkommen, deltagelse er gratis, men tilmelding til Michael Jepsen, [mij@gmcb.dk](mailto:mij@gmcb.dk) er nødvendigt hurtigst muligt (senest fredag 1. oktober).
